- a. Savannah – Went to Presidents Academy Conference for her Greek Life Chapter. I had learned about strengths and how to strengthen weaknesses for my chapter. We also heard from March of Dimes while there. I believe that knowing my own strengths was a very valuable skill we learned at the conference, and how I use those strengths on campus and in society, as well as the community. I plan on using these strengths in my leadership roles.
 - b. Research team – Received funding to go present their research on Raccoons and their parasites. We got to attend several presentations about what we could do to better our experiences and integration into future research projects. We had 2 other team members that were involved.
- C. Britane Hubbard, Director of Student Involvement – Hello, events will be meeting on Wednesday from 3:00 to 4:00. One of the things I want to hit on is the campus app, which will be going over on PLC on Wednesday February 7th. Heart your Union is on Valentine’s Day this year. Also SGA apps are opening on February 5th!
- D. Landon Houghton, Director of Public Relations – We got a lot of good

brainstorming. The annual T-shirt Contest is January 29th through February 2nd. Please tell your friends to submit their ideas! We got some good feedback about tabling downstairs again, and working on signup sheets for next week. I would really like to do another video to hype up SGA Recruitment over the summer. That way we can hype up SGA! Transition Mentor sessions are going on right now, and is a great opportunity for student leaders like yourselves and to recruit for SGA as well.

- E. Paul Granberry III, Assistant Director of External Relations – *Great Northwest Days is in 2 weeks. On Friday our Government had its first shut down, but was restarted today.*
- F. Allen Irving III, Chief Justice – *No Report*
- G. Reece Christensen, Executive Vice President SGA – *Still working on bylaw and constitution changes, and are holding off on those to work further on them in Bylaws Committee. We have positions open in the Senate for those who are interested in becoming a Senator, as well as associate Senators.*
- V. President's Report – *Good Evening. We have a lot of really great plans for each branch of SGA. We are working on Bike Share, Power Towers, and other projects with Capital Projects. I am working on a meeting for SSA, and appointing a Farmer's Market Chair in the next few weeks. I am also working on Commuter Week, and sign-ups for that will be going around in the next few weeks.*
- VI. Committee Reports
 - A. GriffsGiveBack – Courtney Kipping – *We are trying to fill the schedule for Camus Cupboard. Please see me if you would love to do this! I am also making a new form, which will make tracking a lot easier, which is in the works.*
 - B. Capital Project Committee – Nick Hanlan – *Sadly I am not feeling very well, and do not want to pass around whatever I have. Please run Capital Projects as normal under the influence of Breanna, and keep working on your Projects*
 - C. Campus Safety Committee – Kaylee Sharp – *We are looking into Safe Ride to work on cutting down on drunk driving, and making sure students are getting home safely during certain periods of the night, we are also working on pairing with the City on Safe Ride, and looking into Student Safety on campus and their feedback for the semester is one of our major goals this semester.*

- i. Senator Gordon – There are areas that have not been cleaned off correctly at the start of the semester, and students have been getting ticketed for these things, especially for getting stuck.*

VII. Unfinished Business

VIII. New Business

- A. SB FY18-47 Approval of Phi Beta Lamda for RSO – *Considered for 2nd reading on January 29th, 2018*
- B. SB FY18-48 Removal of Senator Branson from Senate – *Considered for 2nd reading on January 29th, 2018*

IX. Open Discussion

- A. Senator Fataki – *I am in the parking committee and I often see the appeals of students who have received tickets and need appeals. We are looking to see if there are 2 lines in the Blum Parking Lot for meters to help with express parking. This will free up spots in Blum for quick run in and run out.*

- i. Senator Gordon – Students like free parking, and there is a fee for the appeal*
- ii. Vice President of Student Affairs – The appeal fee is only applied if it a irrelevant appeal*
- iii. Senator Saladen – With the meters idea, it would be a great idea to pay for a parking pass where everyone can park anywhere.*
- iv. Senator Fataki – This is a place for students to park in the emergency.*
- v. Senator Sharp – Did they tell you it would make extra money or is 15 minute parking off the table?*
- vi. Senator Fataki – it is not off the table completely*
- vii. Senator Gordon – Are we thinking of the students, or about revenue generation? Is there a way to take that back to them?*
- viii. Senator Fataki – I will take that back to them.*
- ix. Gallery – I would spend the money to get a Potter Hall parking pass if need be instead of having to walk back and forth to a farther lot, or even have a meter. You would get the extra money as well instead of the meter.*

X. Announcements

- A. *Power is having a meeting on January 22nd at 6:30 in Blum 222. I would love to*

see you all there.

- B. *Barbara Strong Leadership Challenge is a free course and is one Credit Hour, and meets 5 times. We are traveling this time to talk to Brad Strong. If you are interested, look on the MWSU Website for the application to apply.*
 - C. *International Students are having a Meet the World event January 24th from 3 to 4 pm.*
