

**DEPARTMENT OF ENGINEERING TECHNOLOGY**  
**Missouri Western State University - Student Grade Appeal Procedures**

It is the responsibility of the student to initiate the grade appeal process.

The following Grade Appeal Procedures are adhered to by the Department of Engineering Technology (ET):

1. The student meets with their instructor to discuss the course grade fully no later than thirty (30) calendar days into the succeeding regular academic semester, beginning with the first day of classes. Grade appeals will not be heard during the summer months.
2. In the event the problem cannot be resolved, the student must meet with the Chair of ET. If the Chair is the instructor, it will be sent to the Dean of the College or his/her designee.
3. If there is no resolution of the problem, the student may write an appeal letter to the ET Grade Appeals Committee no later than ten calendar days after the aforementioned 30 day deadline. This letter is to be delivered to ET Chair to be forwarded to the committee.
4. Once the letter and supporting materials have been received by the chair of the committee, copies are distributed to committee members for review.
5. The committee meets to consult and discuss the appeal to determine if there are grounds for upholding the appeal. The criteria used to determine the validity of an appeal are the same as those of the University and as stated in the Student Handbook.
6. The committee communicates its decision and recommendations in writing to the Dean of the College of Business & Professional Studies (CB&PS).
7. The CB&PS Dean will notify the student in writing, of the decision within thirty (30) calendar days of the receipt of written appeal.
8. If the appeal is not resolved at the CB&PS level, the student may appeal to the Academic Regulations and Standards Committee in accordance with their rules and regulations. This step shall be in writing no later than ten (10) calendar days after receipt of the CB&PS decision. The CB&PS will forward all pertinent documents to the committee. The committee will provide written notification of its decision to the student, instructor, and CB&PS Dean within thirty (30) calendar days of receipt of written appeal.
